

**Applications for gardening and horticulture grants from
the Madison Area Master Gardener Association (MAMGA)
are being accepted for 2024**

**The grant application period
begins December 1, 2023 and closes March 1, 2024**

The purpose of these grants is to help support school garden and public or nonprofit community gardening projects located within the Dane County area. Grants cannot be used to benefit individual home gardens or private businesses.

Individual grant applications may request up to \$500. Grant funds may be used for seeds, plants, fertilizer, mulch, tools, garden infrastructure, and information and education of students and the community; funds may not be used for paid labor.

The application form is attached. Please return to Mary Collet, mpcollet@sbcglobal.net
